The Gardner 8LXB and 6LXB engines are offered as a complete package ready for installation. We try to keep one of each engine in stock for sale or service exchange, and we can provide the engines complete with full on engine cooling systems, water pumps and reversing gears. It is worth noting that the engines we provide are not automotive conversions and use the original Gardner designed cooling systems, not third party substitutions.

Initially offered with a rating of 150bhp in automotive tune, the 6LX went on to become the most popular engine of its type being fitted into generators, mobile cranes, boats, mining machinery, commercial vehicles & buses. Gardner used separate cast iron cylinder heads in a similar vain to the likes of AEC or Leyland, but the cylinder block also in iron, was fitted to a cast alloy crankcase.

**Best of British : Gardner 6LX diesel engine - AROnline**  
Gardner responded with the 6LXB vertical or 6HLXB in horizontal form putting out 180bhp amazingly with hardly any noticeable difference in fuel consumption. So talented was Hugh Gardner that thermal efficiency of this variant was a shade over 40% – a figure unmatched before, and maximum torque was developed at a staggeringly low 975–1100rpm.
