Peter Morville is a pioneer in the fields of information architecture and in this book he connects the dots between authority, Buddhism, classification, the Internet, culture, quantum entanglement and running a marathon. His book *Intertwined: Information Changes Everything* explores how everything is interconnected.

### **Intertwined: Information Changes Everything | Dennis Swennen**

— Peter Morville, *Intertwined: Information Changes Everything* "Consider a turkey that is fed every day. Every single feeding will firm up the bird's belief that it is the general rule of life to be fed every day by friendly members of the human race "looking out for its best interests," as a politician would say.

### **Intertwined Quotes by Peter Morville**

Influence. Peter Morville, an influential figure in information architecture, discusses intertwinedness in some of his books. In *Ambient Findability: What We Find Changes Who We Become* (2005), Morville uses the concept of intertwinedness to describe the experience of using hypertext on the web and starting to use computers embedded in everyday objects termed--also known as ubiquitous computing.
